

## Paint Remover

- Efficiently removes most generic paint types
- Removes most types of coatings
- Easy to Apply

Available In:  
500ml, 1L

## Abrasive Latex Sandpaper

- Suitable for wood, metal, plastic, plaster, paint
- Wet and dry sanding
- Quality Waterproof
- High durability
- Easy to handle
- Silicon carbide

Quantity:  
100 sheets/box

Available Grit:  
60, 80, 100, 120, 150, 180, 240, 280, 320, 360,  
400, 500, 600, 800, 1000, 1200, 1500, 2000

## MORE INFORMATION

### LOCATION

#### DPI Chemicals (KL Branch)

Lot 2, Jalan Kecapi 33/2,  
Off Jalan Kemuning,  
40400 Shah Alam, Selangor.  
Tel: +603 5131 8218

#### DPI Chemicals (Ipoh Branch)

No.2, Hala Rapat Baru 20,  
Kaw. Perind. Ringan, Kinta Jaya, 31350,  
Ipoh, Perak D.R.  
Tel: +605 3138 200

#### DPI Chemicals (Penang Branch)

No. 11-A, Lorong Saga Jaya 2,  
Tmn Perind. Saga Jaya,  
13600 Perai, Penang.  
Tel: +604 3841 779

Category	Premium Grade	Medium Grade	Industry Grade	2k Slow Drying Thinner	Grease Remover	High Grade Alcohol	Industry Grade Alcohol	Industry Grade	Industry Solvent
Description	Provide optimal viscosity adjustment & flow properties.	Provide enhanced viscosity adjustment & flow properties.	Provide basic viscosity adjustment & flow properties.	To slow down drying & curing process of 2K coatings.	Versatile thinner. Similar with regular Paint Thinner.	Used in specialized industries & applications where purity is crucial.	Specifically formulated for industrial applications.	Dissolve & dilute various substances (oil-based paints, varnishes, & coatings).	Effective cleaning, degreasing, solvent-based operations.
Usage	Enhance the leveling & drying properties of the coatings.	Diluting paint. Cleaning tools. Removing paints. Softening old harden brush.	Degreasing tools. Purpose solvent for thinning oil-based paints.	To adjust viscosity, improve leveling & extend open time.	Purpose household cleaner. Removes grease from various surfaces.	Cleaning, degreasing surfaces, removing adhesives, preparing surfaces for painting or coating.	Cleaning & Degreasing. Disinfection & Sanitization. Manufacturing & Industrial Processes	Cleaning brushes and painting tools after using oil-based paints or coatings.	Cleaning & Degreasing. Surface Preparation. Solvent-Based Operations. Equipment Cleaning.
